

NOTICE OF DETERMINATION OF A DEVELOPMENT APPLICATION

Application number	DA-27-2024 PAN-448316
Applicant	JESSIE PATERSON [REDACTED]
Description of development	Alterations and Additions: Carport, Side Patio, Rear Patio
Property	44 ROWAN AVENUE URALLA 2358 19/-/DP253270
Determination	Approved Consent Authority - Council staff under delegated authority
Date of determination	13/08/24
Date from which the consent operates	13/08/24
Date on which the consent lapses	13/08/29
Building Code of Australia building classification	10a

Under section 4.18(1) of the EP&A Act, notice is given that the above development application has been determined by the granting of consent using the power in section 4.16(1)(a) of the EP&A Act, subject to the conditions specified in this notice.

Right of appeal / review of determination

If you are dissatisfied with this determination:

Request a review

You may request a review of the consent authority's decision under section 8.3(1) of the EP&A Act. The application must be made to the consent authority within 6 months from the date that you received the

original determination notice provided that an appeal under section 8.7 of the EP&A Act has not been disposed of by the Court.

Rights to appeal

You have a right under section 8.7 of the EP&A Act to appeal to the Court within 6 months after the date on which the determination appealed against is notified or registered on the NSW planning portal.

The Dictionary at the end of this consent defines words and expressions for the purposes of this determination.

Simon Vivers
Interim Manager Development & Planning
Person on behalf of the consent authority

Terms and Reasons for Conditions

Under section 88(1)(c) of the EP&A Regulation, the consent authority must provide the terms of all conditions and reasons for imposing the conditions other than the conditions prescribed under section 4.17(11) of the EP&A Act. The terms of the conditions and reasons are set out below.

General Conditions

1	<p>Compliance with Building Code of Australia and insurance requirements under Home Building Act 1989</p> <ol style="list-style-type: none"> 1. It is a condition of a development consent for development that involves building work that the work must be carried out in accordance with the requirements of the Building Code of Australia. 2. It is a condition of a development consent for development that involves residential building work for which a contract of insurance is required under the Home Building Act 1989, Part 6 that a contract of insurance is in force before building work authorised to be carried out by the consent commences. 3. It is a condition of a development consent for a temporary structure used as an entertainment venue that the temporary structure must comply with Part B1 and NSW Part H102 in Volume 1 of the Building Code of Australia. 4. In subsection (1), a reference to the Building Code of Australia is a reference to the Building Code of Australia as in force on the day on which the application for the construction certificate was made. 5. In subsection (3), a reference to the Building Code of Australia is a reference to the Building Code of Australia as in force on the day on which the application for development consent was made. 6. This section does not apply— <ol style="list-style-type: none"> a. to the extent to which an exemption from a provision of the Building Code of Australia or a fire safety standard is in force under the Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021, or b. to the erection of a temporary building, other than a temporary structure to which subsection (3) applies. <p>Condition reason: Prescribed condition under section 69 of the Environmental Planning and Assessment Regulation 2021.</p>
2	<p>Fulfilment of BASIX commitments</p> <p>It is a condition of a development consent for the following that each commitment listed in a relevant BASIX certificate is fulfilled—</p> <ol style="list-style-type: none"> 1. BASIX development, 2. BASIX optional development, if the development application was accompanied by a BASIX certificate. <p>Condition reason: Prescribed condition under section 75 of the Environmental Planning and</p>

3

Notification of Home Building Act 1989 requirements

1. This section applies to a development consent for development involving residential building work if the principal certifier is not the council.
2. It is a condition of the development consent that residential building work must not be carried out unless the principal certifier for the development to which the work relates has given the council written notice of the following—
 - a. for work that requires a principal contractor to be appointed—
 - i. the name and licence number of the principal contractor, and
 - ii. the name of the insurer of the work under the Home Building Act 1989, Part 6,
 - b. for work to be carried out by an owner-builder—
 - i. the name of the owner-builder, and
 - ii. if the owner-builder is required to hold an owner-builder permit under the Home Building Act 1989—the number of the owner-builder permit.
3. If the information notified under subsection (2) is no longer correct, it is a condition of the development consent that further work must not be carried out unless the principal certifier has given the council written notice of the updated information.
4. This section does not apply in relation to Crown building work certified to comply with the Building Code of Australia under the Act, Part 6.

Condition reason: Prescribed condition under section 71 of the Environmental Planning and Assessment Regulation 2021.

4

Approved plans and supporting documentation

Development must be carried out in accordance with the following approved plans except where the conditions of this consent expressly require otherwise.

Approved plans		
Plan title	Drawn by	Date of plan
Site Plan, Architectural Plan (3 Pages)	Picton Bros Improvements ref: TA6480P	24 May 2024

In the event of any inconsistency with the approved plans and a condition of this consent, the condition prevails.

Condition reason: To ensure all parties are aware of the approved plans and supporting documentation that applies to the development.

5

Stormwater Disposal

Stormwater from:

- Roof areas;
- Surface water from paved and impervious areas; and
- Any overflow from tanks

is to be collected, controlled, and conveyed to a lawful point.

Stormwater infrastructure is to be installed during building work as soon as the roof structures are constructed and maintained at all times thereafter

Condition reason: To alleviate any potential stormwater problems with respect to the

	buildings on the allotment or adjoining allotments.
6	<p>Section 138 Approval</p> <p>For all work required on Council land, the applicant is to submit an Application to Conduct Work on Land to Which Council is the Regulatory Authority, which will incorporate seeking any necessary approvals for work in road reserves under the Roads Act 1993.</p> <p>The required work is as follows:</p> <ul style="list-style-type: none"> • Upgrade of the existing driveway crossover to sealed standard; and • Installation of any new stormwater connection to the street (if required) <p>The Application must be approved prior to work occurring on Council's land. The work shall be completed before the issue of an Occupation Certificate.</p> <p>Condition reason: To ensure pedestrian and vehicular safety during construction and for the life of the development.</p>
7	<p>Materials</p> <p>All external facing roof materials shall be of a non-reflective colour.</p> <p>Condition reason: In the interests of amenity.</p>

Building Work

Before issue of a construction certificate

No additional conditions have been applied to this stage of development.

Before building work commences

8	<p>Erosion and sediment controls in place</p> <p>Before any site work commences, the principal certifier must be satisfied suitable erosion and sediment controls are in place. These controls must remain in place until any bare earth has been restabilised in accordance with 'Managing Urban Stormwater: Soils and Construction' prepared by Landcom (the Blue Book) (as amended from time to time).</p> <p>Condition reason: To ensure sediment laden runoff and site debris do not impact local stormwater systems and waterways.</p>
9	<p>Construction Certificate</p> <p>In accordance with the provisions of Section 6.6 and 6.7 of the Environmental Planning and Assessment Act 1979, construction works approved by this consent must not commence until:</p> <ol style="list-style-type: none"> a) a Construction Certificate has been issued; b) the NSW Planning Portal has been advised of; <ol style="list-style-type: none"> (i) the intention to commence work; and (ii) the specific Principal Certifying Authority (building inspector) that has been appointed to the project. <p>Documentation required under this condition must show that the proposal complies with all relevant development consent conditions and is not inconsistent with the approved plans, the</p>

Building Code of Australia and the relevant Australian Standards.

Condition reason: To ensure the structures meet relevant standards.

During building work

10	Discovery of relics and Aboriginal objects
	While site work is being carried out, if a person reasonably suspects a relic or Aboriginal object is discovered: <ol style="list-style-type: none">1. the work in the area of the discovery must cease immediately;2. the following must be notified<ol style="list-style-type: none">1. for a relic – the Heritage Council; or2. for an Aboriginal object – the person who is the authority for the protection of Aboriginal objects and Aboriginal places in New South Wales under the National Parks and Wildlife Act 1974, section 85. Site work may recommence at a time confirmed in writing by: <ol style="list-style-type: none">1. for a relic – the Heritage Council; or2. for an Aboriginal object – the person who is the authority for the protection of Aboriginal objects and Aboriginal places in New South Wales under the National Parks and Wildlife Act 1974, section 85.
	Condition reason: To ensure the protection of objects of potential significance during works.
11	Hours of work
	Site work must only be carried out between the following times – <ul style="list-style-type: none">• 7am to 6pm on Monday to Friday AND 8am to 1pm on Saturday Site work is not to be carried out outside of these times except where there is an emergency, or for urgent work directed by a police officer or a public authority.
	Condition reason: To protect the amenity of the surrounding area.
12	Responsibility for changes to public infrastructure
	While site work is being carried out, any costs incurred as a result of the approved removal, relocation or reconstruction of infrastructure (including ramps, footpaths, kerb and gutter, light poles, kerb inlet pits, service provider pits, street trees or any other infrastructure in the street footpath area) must be paid as directed by the consent authority.
	Condition reason: To ensure payment of approved changes to public infrastructure.
13	Procedure for critical stage inspections
	While building work is being carried out, the work must not continue after each critical stage inspection unless the principal certifier is satisfied the work may proceed in accordance with this consent and the relevant construction certificate.
	Condition reason: To require approval to proceed with building work following each critical stage inspection.
14	Noise and Vibration requirements
	While site work is being carried out, noise generated from the site must not exceed an LAeq (15 min) of 5dB(A) above background noise, when measured at a lot boundary of the site.
	Condition reason: To protect the amenity of the neighbourhood during construction.

15	Plumbing and Drainage
	Any required plumbing and drainage work shall comply with the Plumbing and Drainage Act 2011, Plumbing and Drainage Australian Standard AS3500, Plumbing Regulations 2017 and the Plumbing Code of Australia (NCC 2016).
	Condition reason: To ensure the work meets relevant standards.

Before issue of an occupation certificate

16	Occupation Certificate
	The relevant Occupation Certificate must be obtained before the approved use commences, in accordance with the Environmental Planning & Assessment Act 1979 and to ensure the health and safety of the building's occupants.
	ADVISING: Failure to obtain an Occupation Certificate is an offence under the legislation
	Condition reason: To ensure the building is suitable for occupation (in accordance with its BCA classification).
17	Plumbing and Drainage
	Prior to issue of an Occupation Certificate, the principal certifier shall be provided with a copy of the Final Plumbing and Drainage Certificate (if required) confirming compliance with the Plumbing and Drainage Act 2011.
	Condition reason: To ensure any plumbing and drainage work complies with the relevant requirements of the Plumbing and Drainage Act 2011

Occupation and ongoing use

No additional conditions have been applied to this stage of development.

General advisory notes

This consent contains the conditions imposed by the consent authority which are to be complied with when carrying out the approved development. However, this consent is not an exhaustive list of all obligations which may relate to the carrying out of the development under the EP&A Act, EP&A Regulation and other legislation. Some of these additional obligations are set out in the [Conditions of development consent: advisory notes](#). The consent should be read together with the *Conditions of development consent: advisory notes* to ensure the development is carried out lawfully.

The approved development must be carried out in accordance with the conditions of this consent. It is an offence under the EP&A Act to carry out development that is not in accordance with this consent. Building work or subdivision work must not be carried out until a construction certificate or subdivision works certificate, respectively, has been issued and a principal certifier has been appointed.

A document referred to in this consent is taken to be a reference to the version of that document which applies at the date the consent is issued, unless otherwise stated in the conditions of this consent.

Dictionary

The following terms have the following meanings for the purpose of this determination (except where the context clearly indicates otherwise):

Approved plans and documents means the plans and documents endorsed by the consent authority, a copy of which is included in this notice of determination.

AS means Australian Standard published by Standards Australia International Limited and means the current standard which applies at the time the consent is issued.

Building work means any physical activity involved in the erection of a building.

Certifier means a council or a person that is registered to carry out certification work under the *Building and Development Certifiers Act 2018*.

Construction certificate means a certificate to the effect that building work completed in accordance with specified plans and specifications or standards will comply with the requirements of the EP&A Regulation and *Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021*.

Council means URALLA SHIRE COUNCIL.

Court means the Land and Environment Court of NSW.

EPA means the NSW Environment Protection Authority.

EP&A Act means the *Environmental Planning and Assessment Act 1979*.

EP&A Regulation means the *Environmental Planning and Assessment Regulation 2021*.

Independent Planning Commission means Independent Planning Commission of New South Wales constituted by section 2.7 of the EP&A Act.

Occupation certificate means a certificate that authorises the occupation and use of a new building or a change of building use for an existing building in accordance with this consent.

Principal certifier means the certifier appointed as the principal certifier for building work or subdivision work under section 6.6(1) or 6.12(1) of the EP&A Act respectively.

Site work means any work that is physically carried out on the land to which the development the subject of this development consent is to be carried out, including but not limited to building work, subdivision work, demolition work, clearing of vegetation or remediation work.

Stormwater drainage system means all works and facilities relating to:

- the collection of stormwater,
- the reuse of stormwater,
- the detention of stormwater,
- the controlled release of stormwater, and
- connections to easements and public stormwater systems.

Strata certificate means a certificate in the approved form issued under Part 4 of the *Strata Schemes Development Act 2015* that authorises the registration of a strata plan, strata plan of subdivision or notice of conversion.

Sydney district or regional planning panel means Northern Regional Planning Panel.
