

NOTICE OF DETERMINATION OF A DEVELOPMENT APPLICATION

Application number	DA-37-2025 PAN-529062
Applicant	Christine Crago [REDACTED]
Description of development	Dual Occupancy (Manufactured Dwelling)
Property	55 BENDEMEER STREET BUNDARRA 2359 19/18/DP758181 16/18/DP758181 17/18/DP758181 18/18/DP758181
Determination	Approved Consent Authority - Council staff under delegated authority
Date of determination	8/08/25
Date from which the consent operates	8/08/25
Date on which the consent lapses	8/08/30

Under section 4.18(1) of the EP&A Act, notice is given that the above development application has been determined by the granting of consent using the power in section 4.16(1)(a) of the EP&A Act, subject to the conditions specified in this notice.

Right of appeal / review of determination

If you are dissatisfied with this determination:

Request a review

You may request a review of the consent authority's decision under section 8.3(1) of the EP&A Act. The application must be made to the consent authority within 6 months from the date that you received the original determination notice provided that an appeal under section 8.7 of the EP&A Act has not been disposed of by the Court.

Rights to appeal

You have a right under section 8.7 of the EP&A Act to appeal to the Court within 6 months after the date on which the determination appealed against is notified or registered on the NSW planning portal.

The Dictionary at the end of this consent defines words and expressions for the purposes of this determination.

Kate Blackwood
Manager Planning and Development
Person on behalf of the consent authority

Terms and Reasons for Conditions

Under section 88(1)(c) of the EP&A Regulation, the consent authority must provide the terms of all conditions and reasons for imposing the conditions other than the conditions prescribed under section 4.17(11) of the EP&A Act. The terms of the conditions and reasons are set out below.

General Conditions

1	<p>Compliance with Building Code of Australia and insurance requirements under Home Building Act 1989</p> <ol style="list-style-type: none"> 1. It is a condition of a development consent for development that involves building work that the work must be carried out in accordance with the requirements of the Building Code of Australia. 2. It is a condition of a development consent for development that involves residential building work for which a contract of insurance is required under the Home Building Act 1989, Part 6 that a contract of insurance is in force before building work authorised to be carried out by the consent commences. 3. It is a condition of a development consent for a temporary structure used as an entertainment venue that the temporary structure must comply with Part B1 and NSW Part H102 in Volume 1 of the Building Code of Australia. 4. In subsection (1), a reference to the Building Code of Australia is a reference to the Building Code of Australia as in force on the day on which the application for the construction certificate was made. 5. In subsection (3), a reference to the Building Code of Australia is a reference to the Building Code of Australia as in force on the day on which the application for development consent was made. 6. This section does not apply— <ol style="list-style-type: none"> a. to the extent to which an exemption from a provision of the Building Code of Australia or a fire safety standard is in force under the Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021, or b. to the erection of a temporary building, other than a temporary structure to which subsection (3) applies. <p>Condition reason: Prescribed condition under section 69 of the Environmental Planning and Assessment Regulation 2021.</p>
2	<p>Erection of signs</p> <ol style="list-style-type: none"> 1. This section applies to a development consent for development involving building work, subdivision work or demolition work. 2. It is a condition of the development consent that a sign must be erected in a prominent position on a site on which building work, subdivision work or demolition work is being carried out— <ol style="list-style-type: none"> a. showing the name, address and telephone number of the principal certifier for the work, and b. showing the name of the principal contractor, if any, for the building work and a

- telephone number on which the principal contractor may be contacted outside working hours, and
- c. stating that unauthorised entry to the work site is prohibited.
3. The sign must be—
- maintained while the building work, subdivision work or demolition work is being carried out, and
 - removed when the work has been completed.
4. This section does not apply in relation to—
- building work, subdivision work or demolition work carried out inside an existing building, if the work does not affect the external walls of the building, or
 - Crown building work certified to comply with the Building Code of Australia under the Act, Part 6.

Condition reason: Prescribed condition under section 70 of the Environmental Planning and Assessment Regulation 2021.

3

Notification of Home Building Act 1989 requirements

- This section applies to a development consent for development involving residential building work if the principal certifier is not the council.
- It is a condition of the development consent that residential building work must not be carried out unless the principal certifier for the development to which the work relates has given the council written notice of the following—
 - for work that requires a principal contractor to be appointed—
 - the name and licence number of the principal contractor, and
 - the name of the insurer of the work under the Home Building Act 1989, Part 6,
 - for work to be carried out by an owner-builder—
 - the name of the owner-builder, and
 - if the owner-builder is required to hold an owner-builder permit under the Home Building Act 1989—the number of the owner-builder permit.
- If the information notified under subsection (2) is no longer correct, it is a condition of the development consent that further work must not be carried out unless the principal certifier has given the council written notice of the updated information.
- This section does not apply in relation to Crown building work certified to comply with the Building Code of Australia under the Act, Part 6.

Condition reason: Prescribed condition under section 71 of the Environmental Planning and Assessment Regulation 2021.

4

Approved plans and supporting documentation

Development must be carried out in accordance with the following approved plans and documents, except where the conditions of this consent expressly require otherwise.

Approved plans				
Plan number	Revision number	Plan title	Drawn by	Date of plan
#AWSH250117-2A		2.0 Floor Plan	Wide Span Homes	7 April 2025
		3.0 Elevations		
NA	A	Site Plan	Hand-drawn	NA

	In the event of any inconsistency with the approved plans and a condition of this consent, the condition prevails.				
	Condition reason: To ensure all parties are aware of the approved plans and supporting documentation that applies to the development.				
5	Section 68 Approval Required				
	Before installation of the approved manufactured dwelling, approval is required under Section 68 of the Local Government Act 1993 for: -				
	<ul style="list-style-type: none"> • Water, sewer or stormwater drainage work; and • Installation of a manufactured dwelling. 				
	All Section 68 applications are submitted online via the NSW Planning Portal.				
	Condition reason: To ensure the development meets the relevant post consent requirements.				

Building Work

Before issue of a construction certificate

6	Work on Council Land (Section 138)
	For all work required on Council land, including the construction of a new access to Muirhead Street, the applicant is to submit an application for consent to carry out works on a public road (Section 138, The Roads Act 1993).
	Any Section 138 application must be approved prior to the issue of a Section 68 approval for the manufactured dwelling, to ensure pedestrian and vehicular safety during construction and for the life of the development.
	Condition reason: To ensure a suitable access is provided for the development.

Before building work commences

No additional conditions have been applied to this stage of development.

During building work

7	Discovery of relics and Aboriginal objects
	While site work is being carried out, if a person reasonably suspects a relic or Aboriginal object is discovered:
	<ol style="list-style-type: none"> 1. the work in the area of the discovery must cease immediately; 2. the following must be notified <ol style="list-style-type: none"> 1. for a relic – the Heritage Council; or 2. for an Aboriginal object – the person who is the authority for the protection of Aboriginal objects and Aboriginal places in New South Wales under the National Parks and Wildlife Act 1974, section 85.
	Site work may recommence at a time confirmed in writing by:

	<p>1. for a relic – the Heritage Council; or</p> <p>2. for an Aboriginal object – the person who is the authority for the protection of Aboriginal objects and Aboriginal places in New South Wales under the National Parks and Wildlife Act 1974, section 85.</p>
	Condition reason: To ensure the protection of objects of potential significance during works.
8	Procedure for critical stage inspections
	While building work is being carried out, the work must not continue after each critical stage inspection unless Council is satisfied the work may proceed in accordance with this consent and the relevant post consent approvals.
	Condition reason: To require approval to proceed with building work following each critical stage inspection.
9	Hours of Work
	It is required that building work, demolition or vegetation removal is only carried out between: -
	<ul style="list-style-type: none"> • 7am to 6pm on Monday to Friday AND 8am to 1pm on Saturday <p>(No work on Sundays and public holidays)</p>
	Unless otherwise approved, construction vehicles, machinery, goods or materials must not be delivered to the site outside the approved hours of site works.
	Note: Any variation to the hours of work requires Council's approval.
	Condition reason: To protect the amenity of the surrounding area
10	Stormwater Disposal
	Stormwater from the new manufactured dwelling is to be disposed in a manner that does not cause a nuisance for neighbouring properties, by one of the following methods:
	<ul style="list-style-type: none"> • By piping to the swale drain in Muirhead Street, • By piping to a rainwater tank and then via the overflow to the swale drain in Muirhead Street.
	Stormwater infrastructure is to be installed in conjunction with dwelling installation.
	Any tank shall be within exempt development limitations, unless separate planning permission is obtained.
	Condition reason: To alleviate any potential stormwater problems with respect to the buildings on the allotment or adjoining allotments.

Before issue of an occupation certificate

11	Repair of infrastructure
	Before the issue of an Occupation Certificate (or Equivalent):-
	<p>1. any public infrastructure damaged as a result of the carrying out of work approved under this consent (including damage caused by, but not limited to, delivery vehicles, waste collection, contractors, sub-contractors, concreting vehicles) must be fully repaired to the written satisfaction of Council, and at no cost to Council.</p>
	Condition reason: To ensure any damage to public infrastructure is rectified.

12	Consolidation of lots
	Lots 16, 17 & 18 Section 18 DP 758181 are to be consolidated into one allotment to ensure the approved dual occupancy remains on one allotment and is not sold separately. Evidence of the registration of the consolidated lot with the Land Registry Services must be supplied prior to the issue of an occupation certificate (or equivalent) for the development.
	Condition reason: To ensure that the development proceeds in the manner proposed by the applicant and approved by Council.
13	Plumbing and Drainage
	Any required plumbing and drainage work shall comply with the Plumbing and Drainage Act 2011, Plumbing and Drainage Australian Standard AS3500, Plumbing Regulations 2017 and the Plumbing Code of Australia (NCC 2016). Prior to issue of an occupation certificate (or equivalent) , Council shall be provided with a copy of the Final Plumbing and Drainage Certificate confirming compliance with the Plumbing and Drainage Act 2011.
	Condition reason: To ensure any plumbing and drainage work complies with the relevant requirements of the Plumbing and Drainage Act 2011

Occupation and ongoing use

14	Storage and disposal of waste materials during ongoing use
	During ongoing use of the premises: <ol style="list-style-type: none"> 1. One set of bins must be put on the premises for the storage of any waste that is generated (including for recycling), 2. all garbage and recyclable materials generated from the premises must be stored wholly within any approved storage area and must not be stored outside the premises (including any public place) at any time 3. arrangements must be implemented for the separation of recyclable materials from garbage 4. any approved waste storage area must be appropriately maintained to prevent litter and the entry of pests.
	Condition reason: To ensure proper handling of waste, garbage and recyclable materials generated during operation of the premises

General advisory notes

This consent contains the conditions imposed by the consent authority which are to be complied with when carrying out the approved development. However, this consent is not an exhaustive list of all obligations which may relate to the carrying out of the development under the EP&A Act, EP&A Regulation and other legislation. Some of these additional obligations are set out in the [Conditions of development consent: advisory notes](#). The consent should be read together with the *Conditions of development consent: advisory notes* to ensure the development is carried out lawfully.

The approved development must be carried out in accordance with the conditions of this consent. It is an offence under the EP&A Act to carry out development that is not in accordance with this consent. Building work or subdivision work must not be carried out until a construction certificate or subdivision

works certificate, respectively, has been issued and a principal certifier has been appointed.

A document referred to in this consent is taken to be a reference to the version of that document which applies at the date the consent is issued, unless otherwise stated in the conditions of this consent.

Dictionary

The following terms have the following meanings for the purpose of this determination (except where the context clearly indicates otherwise):

Approved plans and documents means the plans and documents endorsed by the consent authority, a copy of which is included in this notice of determination.

AS means Australian Standard published by Standards Australia International Limited and means the current standard which applies at the time the consent is issued.

Building work means any physical activity involved in the erection of a building.

Certifier means a council or a person that is registered to carry out certification work under the *Building and Development Certifiers Act 2018*.

Construction certificate means a certificate to the effect that building work completed in accordance with specified plans and specifications or standards will comply with the requirements of the EP&A Regulation and *Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021*.

Council means URALLA SHIRE COUNCIL.

Court means the Land and Environment Court of NSW.

EPA means the NSW Environment Protection Authority.

EP&A Act means the *Environmental Planning and Assessment Act 1979*.

EP&A Regulation means the *Environmental Planning and Assessment Regulation 2021*.

Independent Planning Commission means Independent Planning Commission of New South Wales constituted by section 2.7 of the EP&A Act.

Occupation certificate means a certificate that authorises the occupation and use of a new building or a change of building use for an existing building in accordance with this consent.

Principal certifier means the certifier appointed as the principal certifier for building work or subdivision work under section 6.6(1) or 6.12(1) of the EP&A Act respectively.

Site work means any work that is physically carried out on the land to which the development the subject of this development consent is to be carried out, including but not limited to building work, subdivision work, demolition work, clearing of vegetation or remediation work.

Stormwater drainage system means all works and facilities relating to:

- the collection of stormwater,
- the reuse of stormwater,
- the detention of stormwater,
- the controlled release of stormwater, and
- connections to easements and public stormwater systems.

Strata certificate means a certificate in the approved form issued under Part 4 of the *Strata Schemes Development Act 2015* that authorises the registration of a strata plan, strata plan of subdivision or notice of conversion.

Sydney district or regional planning panel means Northern Regional Planning Panel.
