

NOTICE OF DETERMINATION OF A DEVELOPMENT APPLICATION

Application number	DA-73-2025 PAN-599294
Applicant	Lyn McDonnell [REDACTED]
Description of development	Construction of farm storage shed.
Property	213 TRACEYS ROAD KENTUCKY 2354 1/-/DP1072226
Determination	Approved Consent Authority - Council staff under delegated authority
Date of determination	14/01/26
Date from which the consent operates	14/01/26
Date on which the consent lapses	14/01/31

Under section 4.18(1) of the EP&A Act, notice is given that the above development application has been determined by the granting of consent using the power in section 4.16(1)(a) of the EP&A Act, subject to the conditions specified in this notice.

Right of appeal / review of determination

If you are dissatisfied with this determination:

Request a review

You may request a review of the consent authority's decision under section 8.3(1) of the EP&A Act. The application must be made to the consent authority within 6 months from the date that you received the original determination notice provided that an appeal under section 8.7 of the EP&A Act has not been disposed of by the Court.

Rights to appeal

You have a right under section 8.7 of the EP&A Act to appeal to the Court within 6 months after the date on which the determination appealed against is notified or registered on the NSW planning portal.

The Dictionary at the end of this consent defines words and expressions for the purposes of this determination.

Heather Nicholls
Acting Manager Planning and Development
Person on behalf of the consent authority

Terms and Reasons for Conditions

Under section 88(1)(c) of the EP&A Regulation, the consent authority must provide the terms of all conditions and reasons for imposing the conditions other than the conditions prescribed under section 4.17(11) of the EP&A Act. The terms of the conditions and reasons are set out below.

General Conditions

1	Approved plans and supporting documentation				
	Development must be carried out in accordance with the following approved plans and documents, except where the conditions of this consent expressly require otherwise.				
	Approved plans				
	Plan number	Revision number	Plan title	Drawn by	Date of plan
	TAMW05-3355	A	Floor plan and elevations	Ranbuild-	
ENG1/1-441369	A	Frame schedule	RDS	02.12.2025	
-	2	Site plan	MTG	12.12.2025	
In the event of any inconsistency with the approved plans and a condition of this consent, the condition prevails.					
Condition reason: To ensure all parties are aware of the approved plans and supporting documentation that applies to the development.					

Building Work

Before issue of a construction certificate

2	Construction Certificate
	<p>In accordance with the provisions of Section 6.6 and 6.7 of the <i>Environmental Planning and Assessment Act 1979</i>, construction works approved by this consent must not commence until:</p> <ul style="list-style-type: none"> a) a Construction Certificate has been issued; b) the NSW Planning Portal has been advised of; <ul style="list-style-type: none"> (i) the intention to commence work; and (ii) the specific Principal Certifying Authority (building inspector) that has been appointed to the project. <p>Documentation required under this condition must show that the proposal complies with all</p>

	relevant development consent conditions and is not inconsistent with the approved plans, the Building Code of Australia and the relevant Australian Standards.
	Condition reason:

Before building work commences

3	Erosion and sediment controls in place
	Before any site work commences, the principal certifier or Council (where a principal certifier is not required), must be satisfied the erosion and sediment controls are in place. These controls must remain in place until any bare earth has been restabilised.
	Condition reason: To ensure sediment laden runoff and site debris do not impact local stormwater systems and waterways.

During building work

4	Discovery of relics and Aboriginal objects
	While site work is being carried out, if a person reasonably suspects a relic or Aboriginal object is discovered: <ul style="list-style-type: none"> a. the work in the area of the discovery must cease immediately; b. the following must be notified <ul style="list-style-type: none"> i. for a relic – the Heritage Council; or ii. for an Aboriginal object – the person who is the authority for the protection of Aboriginal objects and Aboriginal places in New South Wales under the <i>National Parks and Wildlife Act 1974</i>, section 85. <p>Site work may recommence at a time confirmed in writing by:</p> <ul style="list-style-type: none"> a. for a relic – the Heritage Council; or b. for an Aboriginal object – the person who is the authority for the protection of Aboriginal objects and Aboriginal places in New South Wales under the <i>National Parks and Wildlife Act 1974</i>, section 85.
	Condition reason: To ensure the protection of objects of potential significance during works.

5	Procedure for critical stage inspections
	While building work is being carried out, the work must not continue after each critical stage inspection unless the principal certifier is satisfied the work may proceed in accordance with this consent and the relevant construction certificate.
	Condition reason: To require approval to proceed with building work following each critical stage inspection.

6	Hours of Work
	The principal certifier must ensure that building work, demolition or vegetation removal is only carried out between: <ul style="list-style-type: none"> • 7am to 6pm on Monday to Friday and 8am to 1pm on Saturday <p>(No work on Sundays and public holidays)</p> <p>The principal certifier must ensure building work, demolition or vegetation removal is not carried out on Sundays and public holidays, except where there is an emergency.</p> <p>Unless otherwise approved within a construction site management plan, construction vehicles, machinery, goods or materials must not be delivered to the site outside the approved hours of site works.</p>

	Note: Any variation to the hours of work requires Council's approval.
	Condition reason: To protect the amenity of the surrounding area
7	<p>Stormwater Disposal</p> <p>Stormwater from paved and impervious surfaces is to be disposed in a manner that does not cause a nuisance for neighbouring properties, by one of the following methods:</p> <p>a. By piping to a rainwater tank and then via the overflow to the a rubble pit clear of any buildings or boundaries.</p> <p>b. By piping 3.0 metres clear of any building or boundary to a rubble pit.</p> <p>Stormwater infrastructure is to be installed during building work as soon as the roof is constructed.</p> <p>Condition reason: To alleviate any potential stormwater problems with respect to the buildings on the allotment or adjoining allotments.</p>

Before issue of an occupation certificate

8	<p>Occupation Certificate</p> <p>The relevant Occupation Certificate must be obtained before the approved use commences, in accordance with the Environmental Planning & Assessment Act 1979 and to ensure the health and safety of the building's occupants.</p> <p>ADVISING: Failure to obtain an Occupation Certificate is an offence under the legislation</p> <p>Condition reason: To ensure the building is suitable for occupation (in accordance with its BCA classification).</p>
9	<p>Plumbing and Drainage</p> <p>Any required plumbing and drainage work shall comply with the Plumbing and Drainage Act 2011, Plumbing and Drainage Australian Standard AS3500, Plumbing Regulations 2017 and the Plumbing Code of Australia (NCC 2016).</p> <p>Prior to issue of an occupation certificate, the principal certifier shall be provided with a copy of the Final Plumbing and Drainage Certificate confirming compliance with the <i>Plumbing and Drainage Act 2011</i> for any required plumbing and draiange work.</p> <p>Condition reason: To ensure any plumbing and drainage work complies with the relevant requirements of the Plumbing and Drainage Act 2011</p>

Occupation and ongoing use

No additional conditions have been applied to this stage of development.

General advisory notes

This consent contains the conditions imposed by the consent authority which are to be complied with when carrying out the approved development. However, this consent is not an exhaustive list of all obligations which may relate to the carrying out of the development under the EP&A Act, EP&A Regulation and other legislation. Some of these additional obligations are set out in the [Conditions of development consent: advisory notes](#). The consent should be read together with the *Conditions of development consent: advisory notes* to ensure the development is carried out lawfully.

The approved development must be carried out in accordance with the conditions of this consent. It is an offence under the EP&A Act to carry out development that is not in accordance with this consent. Building work or subdivision work must not be carried out until a construction certificate or subdivision works certificate, respectively, has been issued and a principal certifier has been appointed.

A document referred to in this consent is taken to be a reference to the version of that document which applies at the date the consent is issued, unless otherwise stated in the conditions of this consent.

Dictionary

The following terms have the following meanings for the purpose of this determination (except where the context clearly indicates otherwise):

Approved plans and documents means the plans and documents endorsed by the consent authority, a copy of which is included in this notice of determination.

AS means Australian Standard published by Standards Australia International Limited and means the current standard which applies at the time the consent is issued.

Building work means any physical activity involved in the erection of a building.

Certifier means a council or a person that is registered to carry out certification work under the *Building and Development Certifiers Act 2018*.

Construction certificate means a certificate to the effect that building work completed in accordance with specified plans and specifications or standards will comply with the requirements of the EP&A Regulation and *Environmental Planning and Assessment (Development Certification and Fire Safety) Regulation 2021*.

Council means URALLA SHIRE COUNCIL.

Court means the Land and Environment Court of NSW.

EPA means the NSW Environment Protection Authority.

EP&A Act means the *Environmental Planning and Assessment Act 1979*.

EP&A Regulation means the *Environmental Planning and Assessment Regulation 2021*.

Independent Planning Commission means Independent Planning Commission of New South Wales constituted by section 2.7 of the EP&A Act.

Occupation certificate means a certificate that authorises the occupation and use of a new building or a change of building use for an existing building in accordance with this consent.

Principal certifier means the certifier appointed as the principal certifier for building work or subdivision work under section 6.6(1) or 6.12(1) of the EP&A Act respectively.

Site work means any work that is physically carried out on the land to which the development the subject of this development consent is to be carried out, including but not limited to building work, subdivision work, demolition work, clearing of vegetation or remediation work.

Stormwater drainage system means all works and facilities relating to:

- the collection of stormwater,
- the reuse of stormwater,
- the detention of stormwater,
- the controlled release of stormwater, and
- connections to easements and public stormwater systems.

Strata certificate means a certificate in the approved form issued under Part 4 of the *Strata Schemes Development Act 2015* that authorises the registration of a strata plan, strata plan of subdivision or notice of conversion.

Sydney district or regional planning panel means Northern Regional Planning Panel.
